# **EURAXESS – Researchers in Motion**

## **Solutions for researchers and their employers**

EURAXESS is a unique initiative, launched by the European Commission to promote research careers and facilitate the mobility of researchers.

EURAXESS assists researchers in the development of their careers with the support of a network of committed people in 40 European countries

# EURAXESS brings solutions to researchers

- It helps boosting researcher career development
- It helps researchers at an early stage research career with finding a job, grant or fellowship
- It helps researchers with their move, helps them connect with other researchers experiencing similar challenges, and to remove barriers to a relocation (visa, residence permit, recognition of diplomas,..)
- It assists experienced researchers with posting job vacancies, acquiring funding for their projects, getting a better understanding of their rights
- EURAXESS can significantly enhance job and funding providers' visibility in Europe and overseas

## The Four Key Initiatives

Research Jobs & funding opportunities

Personalised assistance to researchers & their families through a network of 250 centres with 600 people in 40 European countries

Information about rights and obligations of researchers, their employers and funders, including entry conditions and pensions for researchers

Networking tool for researchers worldwide

# EURAXESS Jobs

- > 10,000 research job & fellowship offers daily available
- In 2012 > 36,500 jobs, fellowships and grants published on-line
- ~ 7,000 research organisations from Europe and all over the world (companies, universities and SMEs across Europe and beyond) registered
- > 60,000 researcher accounts created so far
- ~ 20,000 active researcher CVs to the attention of potential employers
- Job and funding offers covering a vast array of research fields and all career stages

# EURAXESS Services

- **Where?** A network of 600 people working in 250 offices across Europe (40 countries)
- **Role?** They provide researchers & their families with personalised assistance and welcome them in their new host country
- **What they solve?** 150 000 mobility related problems per year on job & funding opportunities; entry conditions (visa); accommodation, pensions rights & medical care

# EURAXESS LINKS

A global community for European and non-European researchers outside Europe to inform and to network.

**9 Regional Managers** at local level represent EURAXESS Links in 10 countries.

It exists in:

Research &  
Innovation

## EURAXESS Links Objectives

- Provide information to researchers to discover the research potential inside and outside Europe
- Promote the activities of EURAXESS Links aiming at stimulating scientific cooperation between Europe and the world
- Raise awareness on mobility and career opportunities in Europe and elsewhere
- Provide information sessions to the networks and members of Links on EURAXESS highlighting what is in it for them
- Achieve critical mass through sharing information and network researchers from all over the world

## **EURAXESS Links**

### **Main subjects of interest for network members**

- **Funding opportunities for research and funding mechanisms**
- **Research employment opportunities**
- **Opportunities-mechanisms in building collaborations with Europe**
- **Short-term funding for visits or sabbaticals**
- **Possibilities to do a PhD or post-doc in Europe**
- **other.....**
